

Adoption Cost ESTIMATE Form

This form is an **estimate** of expected adoption expenses.

This form must be completed and returned prior to grant funds being disbursed.

As a public charity, Reece's Rainbow must comply with tax rules mandated by the IRS and therefore maintains records that document the sources of receipts and expenditures. Families are also encouraged to save all records/receipts related to the adoption(s) as they will need them for any tax credit they apply for, and families may be requested to submit their receipts to Reece's Rainbow, (only in the case that RR should need further documentation for audit purposes).
